Every morning high school student Nanami catches sight of this one suffer he secretly begins to admire intensely, however, it is later on a certain day that they found in a classroom! Turns out that this one-year-older angel, named Shuu, is in fact one who, while characteristically mature, is unapproachable to the extent that has even notorious for being someone difficult to approach! Even so, for some reason, Nanami becomes the sole person that he can smile at and laugh with, over and over again. As they repeatedly spend more time together after school, by endsummer, Nanami finds himself receiving a less than the seaside? And so, a story of dazzling first love issues ♡

SAGAMI

- I had always thought that back in my hometown, every time when summer comes spring around the salt water sounds like robust shimmering sea as well as the spring-time morning surfers were altogether as very cool and dreamy. That's why I decided to include that kind of sunny backdrop when drawing the cherry light-lashed high school boy story.

It'll be very happy if anyone can recognize, relate, or connect even a little bit with the Shounen-kun atmosphere that I tried to illustrate.

Afterword

Thank you very much for glabbing
us "Wise King no Niki!"

I've always wanted to write a
story taking place in my own
home town, Shonan. I am really
happy to get this chance. Thank
you very much. (Sharonna)

This book comes out during the
winter. But if you read it again
during the summer, you might be
able to enjoy it in a different
light.

Thank
you very much

Thank you to my editor and my
friend. I'm sorry for
always making you so much
trouble!

So far the last I've done
I did my share with you as a
Cat Lord in Shonan to collect
200. Thanks a lot to them!

If I get the chance I want to do
more on Shonan and Agave from
Kaito here.
